

Having a Lousy Landlord Can Make Your Life Miserable

Welcome to Centennial Properties - a boutique, residential management company providing 35 years of service to tenants and property owners in the Coastal Long Beach Area.

We would love to earn your business, whether as a prospective tenant looking for a new home or a property owner looking for a new manager to take care of their tenants and investment. If so, we are eager to meet you.

We've been in the residential property management business since 1988, the Centennial Year that celebrated the founding of our great city of Long Beach. Our office is located in the same West Belmont Heights neighborhood we have served for the past 35 years and is within 2.5 miles of every property we manage. Our location allows us the logistical advantage necessary to continue to deliver high quality services to our tenants and the owners who hire us to manage their properties.

Approximately six years ago, Centennial became aware of an unlikely and unlicensed competitor, referred to here as Our Competitor. There was something different about this new Competitor. Their arrival directly impacted the future course of Centennial's 35-year presence in Coastal Long Beach, and we discovered that this Competitor was an affiliate of our business bank of more than 18 years. More on this in our next installment.
