

Need an Extra Hand?

EMPLOYERS: Local colleges are seeking internship opportunities for their upper-class communications students and we have a solution to address that growing need.

Over the past few decades Beeler & Associates and the Beachcomber newspaper have been working with more than 150 CSULB, CSUDH and CSUF journalism and public relations students in need of 100-120 hours work experience to complete graduation requirements in an approved internship program.

If we had more projects for these interns we could increase our capacity to work with more than our current two students per semester. We have the facilities and experience to supervise their work on your behalf if you would like to give them a chance and possibly consider them for employment upon graduation.

Your commitment over a five-month period would be \$450 per month and your communications-oriented projects or special events would be seen through completion under supervision from an experienced professional. There is no other requirement except for occasional progress meetings to obtain your feedback and approvals.

Give us a call at (562) 597-8000 or email publisher@beachcomber.news if you'd like to discuss this in greater detail. Thanks.
