

VINE

VICTIM INFORMATION AND NOTIFICATION EVERYDAY

CALL 1-877-VINE-4LB (1-877-846-3452)

What is VINE? VINE is a free, anonymous, computer-based telephone system for victims of domestic violence, violent crimes and other crimes. VINE will quickly tell the caller if an offender is still in custody and VINE will provide the custody location. VINE will also automatically notify victims who have registered with the system when an offender is released or transferred. VINE is available 24 hours per day.

Current Custody Information: For current offender custody status, call the toll-free phone number shown above from a touch-tone phone and follow the instructions. Custody information may be accessed using either the offender's name or booking number.

Automatic Notification: Callers may register for an automated notification call when an offender is released or transferred. To register, call the toll-free phone number listed above and follow the directions to register for automatic notification. Callers simply enter the area code and phone number where they want to be reached when the offender is released or transferred. Callers will then be instructed to enter a Personal Identification Number (PIN) to be used to change or cancel their notification preferences.

QUESTIONS & ANSWERS

How do I participate in the VINE Program?

Call 1-877-VINE-4LB (1-877-846-3452) from any touch-tone phone and follow the directions to access offender custody status and to register for automated notification.

What is a PIN?

A PIN (Personal Identification Number) is a four-digit number selected by the caller to be used to confirm or cancel notification calls from VINE. The PIN should be a number that is easy to remember.

What if I'm not home or my phone is busy when VINE calls?

The VINE service will continue to try to reach you. If there is no answer or the line is busy, VINE will continue to call every half hour for 24 hours. VINE will leave a message on an answering machine but will continue to call every two hours for the 24-hour period. Since VINE calls automatically when an offender's custody status changes, you may receive phone calls in the middle of the night.

Can I register more than one telephone number with VINE?

Yes, you may provide two phone numbers for each registration and PIN.

Does VINE guarantee my safety?

No, VINE is designed to provide you with quick and easy access to offender custody information and to alert you when an offender is released or transferred. Do not depend solely on VINE for your safety. If you feel you may be at risk, take precautions as if the offender has already been released.
